

Under Sea Adventure

Work together to collect the coins from the treasure chests and get back to the submarine! Remember, any player can move any pawn.

Place the players' pawns on the starfish. Place 1 counter on each treasure chest. Take turns to roll the dice, land on the treasure chests to collect the counters.

Avoid the octopus! The octopus will trap the pawn until a 6 is thrown and is released and moves forward to the next shell.

Only one pawn can land on a shell at a time!

A 2-4 player game

You will need
4 pawns (or counters)
Counters for the coins
A 1-6 dice

Difficulty
☆☆☆
Collaboration Games
